

# Praising – You Bless Us

We thank you, O God,  
that we can come to you whenever we need help.  
Even when others keep their distance,  
we know you want to speak a word of comfort and healing,  
just as you did to those ten lepers so long ago.  
Thank you, thank you!  
For your love never gives up,  
but continues to surprise and bless us.  
May we never forget to praise you! Amen.
