

Praising – Christ Lives within Us

Leader: From the heavens, God sends water and light.
In return life sprouts from the earth.

People: The earth responds.
Mountains and hills burst forth with song,
trees and fields clap their hands.

Leader: From the heavens, God sends the Spirit.
In return, eternal life sprouts within us.
Christ lives within us.

People: We respond,
with voices and actions,
with heart and soul and strength.

All: Let us cry out with creation, praise the Lord!
