

Benediction – Greater and Deeper Love of God

Go, remembering that God's love
is greater and deeper than our own,
That the Lord loves and lifts up the outcast,
the foreigner,
even those we cannot imagine embracing.
Remember that the vast well of God's love is also for you,
that God's faithful and unwavering presence goes with you.
May you meet the nations on the Lord's holy mountain,
and join in the joyful song.
